The 2 Asp Lower Div. is designed to supply Pupils of the Asp & Convent Schools with the Lower Secondary Tamil Education. There is much need for them Asp and the finances of the province we deem should be husbanded & dangers & burdens, the framing of the Asp Sch. by deemed JP seems to be known a ground of apprehension lest the candidates are all Brahmans whose objects ordinarily take advantage of the Stipends allowed to Students of the Asp. It is to expect that many of the Asp. Asp cannot be found to take

The applications may however be sent to the Director of P.I. for report

Chief Commissioner of Mysore

Sir,

Referring to Chief Commissioners order No 1029 Ed II on Proceedings of the 29th March last, I have the honor to state that an examination, as directed, was held by the Principal of the School of Engineers and Natural Science on the 20 ultimo of the candidates for admission to the second class, Lower Division. The subjects of examination were those prescribed in para 3 of Notification No 247 of the 20th November 1874, namely, English, Canarese and Arithmetic

2 From Messrs R Venkata Rao, R Krishna Rao, C de Lima, L Narrain Rao, Iyappa — I Grammatical report of the 26th ultimo herewith enclosed in original, will be seen that of the nine applicants for admission only five presented themselves for examination. Their names in order of merit are as

on the margin The number of marks obtained by each shew that with the exception of the first three attainments are poor The last is quite unfit

3 It remains to decide whether the class shall be re-opened with the first three (or four) only, or whether its establishment be postponed to a later period, notification being made that further applications will be received So many large schools being closed for the hot weather vacation may have prevented more applicants from coming forward last month
